Technical data

Input: 220-240 V~ 50 Hz

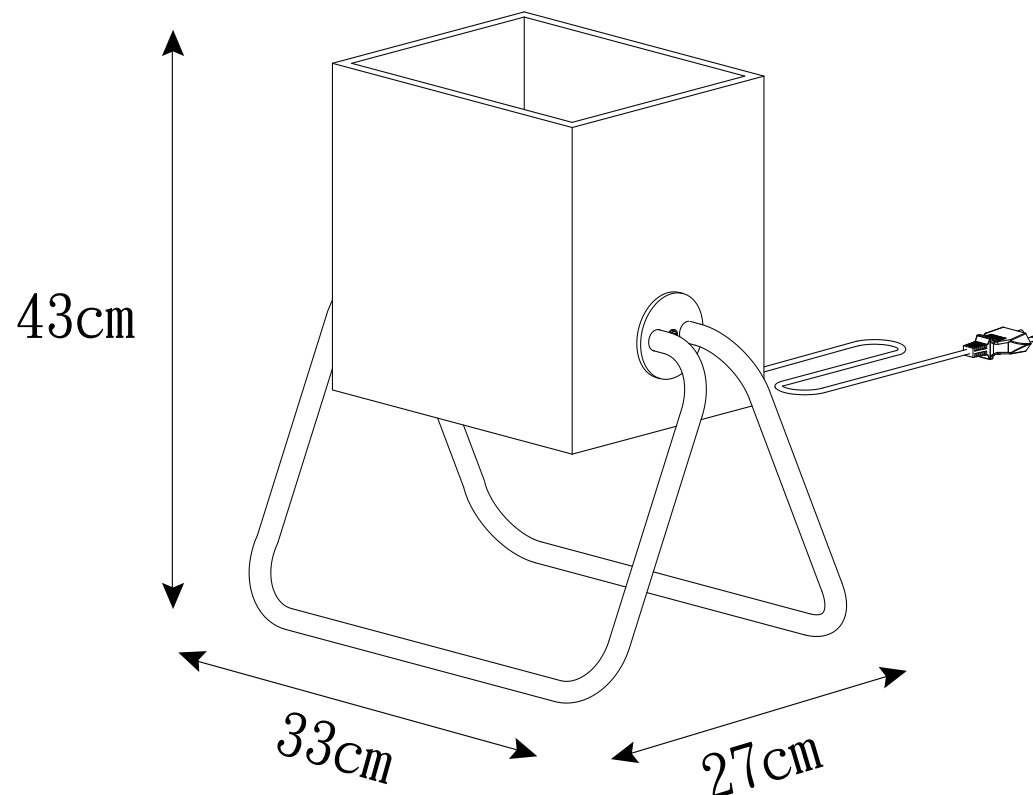

Light source: E27 max. 75W incandescent or max. 13W CFL

Important Safety Instructions

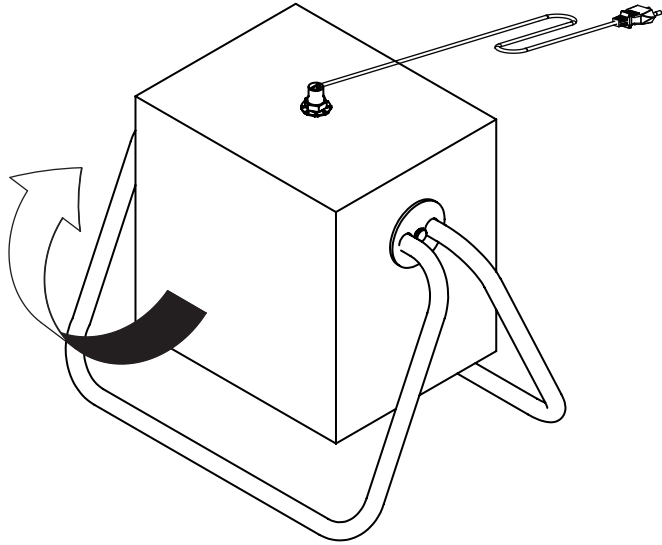

- Before installation and maintenance, the appliance has to be disconnected from the power supply always.
- The lamp produces very strong heat surrounding the bulb. Do not touch the bulb if it is switched on or if it has just been switched off in order to avoid burning.
- The light of the lamp is very bright. Do not look at the light directly.
- Make sure that the lamp is kept in a safe distance from highly inflammable materials (at least 0.25m).
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- If the lamp is passed on to another person, please always include this manual.
- For indoor use only.

Maintenance and care

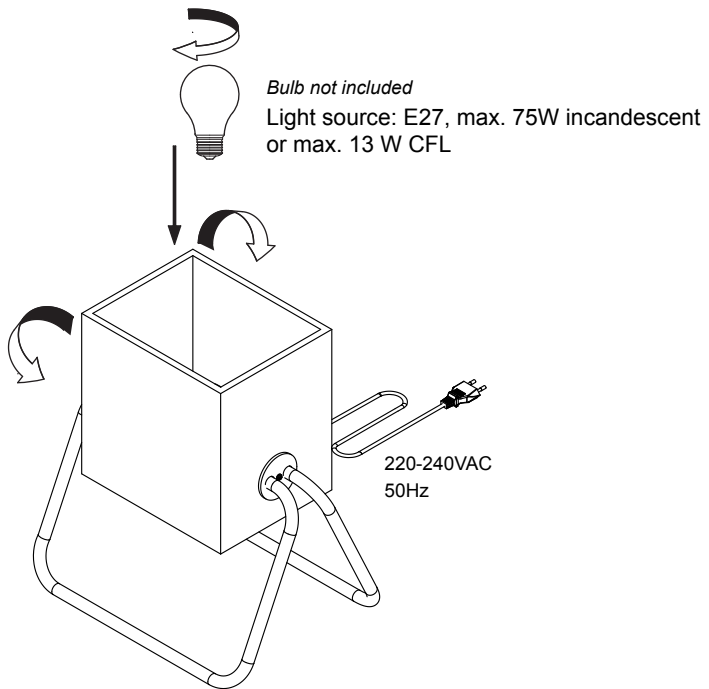

- When changing the bulb, switch off the lamp and let it cool down for at least 5 minutes. Only change the bulb when it has completely cooled down.
- Do not touch the bulb with your bare hand. Use a clean fluff-free cloth to change the bulb.
- Carefully insert the bulb into the lampholder and make sure that it is placed correctly.
- The lamp can be cleaned – if necessary – with a clean and dry cloth.
